

Terms of Service

This is a contract between you and BITCOIN ASSET, by registering or using an account via <https://bitcoinasset.io/>, you agree that you have read, understood and accepted all the terms and conditions contained in this Agreement, as well as our Privacy Policy and E-Sign Agreement.

1. ABOUT BITCOINASSET

The "BITCOINASSET" Company Logo, or that which intersects with BITCOINASSET will often appear on our Services, is a trademark of the Company and may not be copied or used, in whole or in part, without our prior written permission.

All copyright and other intellectual property rights on our website are owned by "BITCOINASSET" which has been protected by copyright laws and other intellectual property rights laws.

We strictly prohibit anyone for using and / or reproducing this material without the written and written permission of the owner of this website.

2. ELIGIBILITY

User must be of legal age to be responsible for registering personal data on the Website or any services we provide

3. CREATE AN ACCOUNT REGISTRATION

User must create an account with this website to access the Services ("Account"), by providing your personal data such as your name, email, address, and agree to the terms of the privacy policy that we have created.

When you create an Account, we assign you an account identifier that you must retain to access your Account.

when you want to register, it means:

- a. You agree to provide any information we need for identity verification purposes
- b. You agree to make updates if any information changes
- c. You authorize us to ask questions, either directly or through a third party, to verify your identity or protect, and / or us against fraud or other financial crimes, and to take any action we deem necessary based on the results of such inquiries.

4. THIRD PARTIES

In our Services, users can view content or take advantage of services provided by third parties, including links to web pages and services from these parties ("Third Parties").

We have no rights or obligations regarding Third Parties and will not be responsible for anything regarding Third Parties.

In addition, if you as a user have a business deal with third parties, then that is not a business for us. We are not responsible for any loss or damage that occurs and it is your own responsibility.

5. ABOUT RISK

With your awareness, you agree that there are risks associated with using this Internet-based service, such as : **The Safety and Security of Your Computer and Devices.**

BITCOINNASSET is not responsible for any damage or interference caused by computer viruses, spyware or others that can affect your computer or other equipment, or phishing, spoofing, or other attacks.

We are not responsible for violations committed by users where the violation is caused by unreasonable and unexpected out of our control.

6. LIST OF REQUIREMENTS WHAT WE MADE

- a. Users are not allowed to interrupt each other with other users (the services we have provided)
- b. Prohibited for illegal activities (stealing, money laundering, etc.)
- c. Use another user's account without authorization
- d. Users give false, inaccurate, or misleading personal data

7. TERMINATION

In the event of a violation of these Terms which can make the Service inconsistent with us, we can terminate our obligations to you with or without prior notice.

8. ADDITIONAL INFORMATION

We reserve the right to make changes to this terms without giving notice to the user and at any time. These terms will become effective immediately on the date they are

posted to the Services unless we state otherwise via our notice of such amended Terms. Any terms will apply prospectively to use of the Services after such changes become effective.

If there is a difference between these Terms and any other agreement you may have with Us, the terms of that other agreement will control only if these Terms are specifically identified and declared to be overridden by such other agreement.

If you have a question or complaint, please contact us via our Customer Support at support@bitcoinasset.io
